Cover Page

1. We note your response to comment 1 that you have not conducted business through VIEs.

Please disclose the

following prominently on the prospectus cover page:

that you are not a

Chinese operating company, but a Cayman Islands holding company,

with operations

conducted by your subsidiaries, and that this organizational structure

involves unique risks

to investors;

that investors may

never directly hold equity interests in your operating company; and

that Chinese regulatory authorities could disallow your organizational structure, which

would likely result in a material change in your operations and/or value of your ordinary  $% \left( 1\right) =\left( 1\right) +\left( 1\right) +$ 

shares, including that it could cause the value of such securities to significantly decline or

become worthless.

Please include a detailed discussion of these risks in the

registration statement under Risk

Factors and include on the cover page a cross-reference to your detailed discussion of the  $\,$ 

 $% \left( 1\right) =\left( 1\right) +\left( 1\right) +\left($ 

2. We note your response to comment 2 as well as your reference to disclosure in your 2020

Form 20-F regarding legal and operational risks associated with your operations in Macau

and we reissue our comment. Please disclose prominently on the prospectus cover page  $% \left( 1\right) =\left( 1\right) +\left( 1\right$ 

the legal and operational risks associated with being based in Macau. Your disclosure  $\,$ 

should make clear whether these risks could result in a material change in your operations  $% \left( 1\right) =\left( 1\right) +\left( 1\right)$ 

and/or the value of your ordinary shares or could significantly limit or completely hinder  $% \left( 1\right) =\left( 1\right) +\left( 1\right)$ 

your ability to offer or continue to offer securities to investors and cause the value of such  $% \left( 1\right) =\left( 1\right) +\left( 1\right) +\left($ 

securities to significantly decline or be worthless. Your disclosure should address how

recent statements and regulatory actions by China  $\,\,$  s government, such as those related to

data security or anti-monopoly concerns, has or may impact the company  $\boldsymbol{s}$  ability to

conduct its business, accept foreign investments, or list on an U.S. or other foreign  $% \left( 1\right) =\left( 1\right) +\left( 1$ 

 $\,$  exchange. Please also disclose on the cover page whether your auditor is subject to the

determinations announced by the PCAOB on December 16, 2021 and whether and how

the Holding Foreign Companies Accountable  $\mbox{\it Act}$  and related regulations will affect your

company. Your prospectus summary should address, but not necessarily be limited to, the  $\,$ 

risks highlighted on the prospectus cover page.

3. Your response to comment 3 notwithstanding, please clearly disclose how you will refer

to the holding company and subsidiaries when providing the disclosure throughout the  $\,$ 

document so that it is clear to investors which entity the disclosure is referencing and  $% \left( 1\right) =\left( 1\right) +\left( 1\right) +\left$ 

which subsidiaries or entities are conducting the business operations. Please disclose  ${\color{black} }$ 

clearly the entity (including the domicile) in which investors are purchasing their interest.

4. We note your response to comment 4 and we reissue our comment. On the cover page,

please provide a description of how cash is transferred through your organization and,

consistent with your response, disclose your intent to distribute earnings. State whether  $\,$ 

any transfers, dividends, or distributions have been made to date between the holding

company and its subsidiaries, or to investors, and quantify the amounts where applicable.

5. Notwithstanding your response to comment 7 indicating that you have no operations in

mainland China and referring to disclosure in your 2020 Form 20-F, we reissue our

 $\,$  comment. Please include in the prospectus summary a new subsection that summarizes

your risk factors. In the summary of risk factors, please disclose the risks that your

 $% \left( 1\right) =\left( 1\right) \left( 1\right)$  corporate structure and being based in or having the majority of the company  $% \left( 1\right)$  s operations

in Hong Kong and Macau pose to investors. In particular, please describe the significant

regulatory, liquidity, and enforcement risks with cross-references, including page  $\,$ 

numbers, to the more detailed discussion of these risks in the prospectus. For example,

specifically discuss risks arising from the legal system in China, including risks and

uncertainties regarding the enforcement of laws and that rules and regulations in China

can change quickly with little advance notice; and the risk that the Chinese government

 $\ensuremath{\text{may}}$  intervene or influence your operations at any time, or may exert more control over

offerings conducted overseas and/or foreign investment in China-based issuers, which

could result in a material change in your operations and/or the value of your ordinary  $\ensuremath{\mathsf{C}}$ 

shares. Please acknowledge any risks that any actions by the Chinese government to exert  $% \left( 1\right) =\left( 1\right) +\left( 1\right) +\left$ 

 $% \left( 1\right) =\left( 1\right) +\left( 1\right) +\left($ 

investment in China-based issuers could significantly limit or completely hinder your

ability to offer or continue to offer securities to investors and cause the value of such  $\,$ 

securities to significantly decline or be worthless.

6. We note your response to comment 8 and your reference to sections of your 2020

Form 20-F addressing risks associated with operating in Macau. Consistent with your

response, please include a statement in the prospectus summary that there are no  $\,$ 

 $% \left( 1\right) =\left( 1\right) +\left( 1\right) +\left($ 

the securities being registered to foreign investors that are required to be disclosed. In

addition, describe the consequences to you and your investors if you or your subsidiaries:

(i) inadvertently conclude that such permissions or approvals are not required, or (ii)

applicable laws, regulations, or interpretations change and you are required to obtain such

permissions or approvals in the future.

7. We note your response to comment 9 and we reissue our comment in part. Quantify any

 $% \left( 1\right) =\left( 1\right) \left( 1\right)$  cash flows and transfers of other assets by type that have occurred between the holding

company and its subsidiaries, and direction of transfer. Quantify any dividends or

distributions that a subsidiary has made to the holding company and which entity made  $% \left( 1\right) =\left( 1\right) +\left( 1$ 

such transfer, and their tax consequences. Similarly quantify dividends or distributions  $% \left( 1\right) =\left( 1\right) +\left( 1\right) +\left$ 

 $\,$  made to U.S. investors, the source, and their tax consequences. Describe any restrictions

on foreign exchange and your ability to transfer cash between

entities, across borders, and to U.S. investors. Describe any restrictions and limitations on your ability to distribute

earnings from your businesses, including subsidiaries, to the parent company and  ${\tt U.S.}$ 

investors.

8. We note your revisions in response to comment 11. Please disclose in the summary

section that trading in your securities may be prohibited under the  $\operatorname{Holding}$  Foreign

Companies Accountable Act if the PCAOB determines that it cannot inspect or investigate

completely your auditor, and that as a result an exchange may determine to delist your  $% \left( 1\right) =\left( 1\right) +\left( 1\right) +\left($ 

securities. Also disclose in the summary whether your auditor is subject to the

determinations announced by the PCAOB on December 16, 2021. In addition, as  $\,$ 

previously requested, indicate in an appropriate risk factor that the Commission adopted

rules to implement the HFCAA and that, pursuant to the HFCAA, the PCAOB has issued  $\,$ 

its report notifying the Commission of its determination that it is unable to inspect or

investigate completely accounting firms headquartered in mainland China or Hong Kong. Risk Factors, page  $9\,$ 

9. Refer to comment 13. Notwithstanding your response that you have no operations in

mainland China and your reference to sections of your 2020 Form 20-F addressing the

risks associated with operating in Macau, we reissue our comment. Please significantly

revise your risk factor disclosure in the prospectus to address our comments. Given the  $\,$ 

Chinese government  $\,$  s significant oversight and discretion over the conduct of your

business, please revise your prospectus to separately highlight the risk that the Chinese  $\,$ 

government may intervene or influence your operations at any time, which could result in

a material change in your operations and/or the value of your ordinary shares. Also, given

recent statements by the Chinese government indicating an intent to exert more oversight  $% \left( 1\right) =\left( 1\right) \left( 1\right) +\left( 1\right) \left( 1\right) \left( 1\right) +\left( 1\right) \left( 1$ 

and control over offerings that are conducted overseas and/or foreign investment in  ${\tt China}$ 

based issuers, acknowledge the risk that any such action could significantly limit or  $% \left( 1\right) =\left( 1\right) +\left( 1$ 

completely hinder your ability to offer or continue to offer securities to investors and  $% \left( 1\right) =\left( 1\right) +\left( 1\right) +\left$ 

cause the value of such securities to significantly decline or be worthless.
